

To Whom It May Concern,

I met Garrett Steffens when he was in the 7th grade. He was on the same baseball team as my son, Trent. Since then the two boys have created a strong friendship and I have had the chance to get to know Garrett even better.

Not only did the boys play baseball together, they went on to play football together at Great Oak. Garrett has always been a hard worker and a team player. His teams have always been able to count on him.

As a friend, Garrett is supportive, caring, and there for his friends whenever they need him. He is loyal and can always be depended on.

Garrett is also extremely goal driven. He has his future planned out and is already working towards his goals in the fire service. I have no doubt he will accomplish whatever he sets his mind to.

It has been a pleasure knowing Garrett Steffens and having him be a part of my son's life.

Respectfully,

Tami Host
